

Marvin Suhr

Software Developer

WORK EXPERIENCE

Working Student – Software Developer

08/2016 - 12/2023

Lyncker & Theis GmbH - Wiesbaden

- Developed the Android and desktop versions (C++, Qt) of the digital flashcard application BrainYoo
- Worked on the backend (Java EE) and web version (JS, JSF)
- Applied clean code principles, conducted code reviews, and performed refactoring
- Experience with testing, Git, REST, SQL/SQLite, Jenkins
- Agile development using Scrum with regular presentations
- Implemented a multiplayer mode for my Bachelor's thesis
- Close collaboration with B2B clients (e.g. ILS, IU, EURO-FH, ...) including custom adaptations and releases
- Provided advanced user support for complex technical issues
